Let's play a little game  
Don't leave me here  
My body's freezing  
I'm addicted to dance  
I want you, I want you near me  
Cover my cyber skin  
With all your fears, don't wanna fear  
Deep within my dreams  
This state I'm in  
Don't wanna feel so weird

I need your body and your soul in my hands  
I'm high on you  
I'm drunk with this game  
I need your body and your soul feel my hands  
I'm high on you  
I'm high  
A-a-a-a-a-again

You see us dancing near  
Don't feel bad  
I don't know the reasons  
You can't be with me  
Let me, let me be free  
Think your dream can go  
Go far away, I'm having fun  
I don't care but I'm  
Higher, higher  
My life is only mine

I need your body and your soul in my hands  
I'm high on you  
I'm drunk with this game  
I need your body and your soul feel my hands  
I'm high on you  
I'm high  
A-a-a-a-a-again
