Long hair
Brown eyes
just a few things that make you so stunning

You stare
I'm fascinated
My heart beats and damn it aint stopping

Oh yes
I havent felt this way before
Maybe its time we open
These Closed doors
These Closed dooors
Yeeeeeah

Lets give it one more chance
I dont care about the past
I just want you here with me

I know you feel it too
There's nothing left to loose
If we just take this chance

I called
You stalled
For a minute there i thought i was losing

And then
It changed
cause you were busy thinking

This spark of hope changed my entire day
you should have seen the look on my face
my face
so out of plaaace

Lets give it one more chance
I dont care about the past
I just want you here with me

I know you feel it too
There's nothing left to loose

If we just take this chance

A change of heart brought m
to where you are
A change of heart is a start.

Lets give it one more chance
I dont care about the past
I just want you here with me

Lets give it one more chance
I dont care about the past
I just want you here with me

I know you feel it too
There's nothing left to loose
If we just take this chance

This chance...

This Chance....
