Mind on the grind, eyes on the prize  
â€¦ see, love pass me by  
Now I'm trying to get back, trying to get back, trying to  
get back, trying to get back  
He knows when to deserve you, never â€¦ on my grind  
were untrue  
Now I'm trying to get back, trying to get back, trying to  
get back to you loving  
All that I want it, babe, fear I was dunking  
How long is â€¦ baby I want you, I need you babe  
Back in my life, I'm trying to get back, I'm trying to get  
back

I've been up all night, thinking bout what to write  
For need to sit the same reason then I need my life  
Never thought that â€¦ so give me one more chance  
Like â€¦ shades on, on the stairs  
First I wasn't ready for now I'm all prepared  
The everything you wanted now I wanted time square  
They say you never know what you had until you miss it  
Let's go back to the moment when you started feeling  
different thought  
This is what you wanted it's obvious that it isn't  
If the window â€¦ someone sipping  
Ordering more rounds till the pain drowns,  
Since you went round and I'm feeling the same now  
I just want the old you to meet the new me  
Cause I change in the name of love

Mind on the grind, eyes on the prize  
â€¦ see, love pass me by  
Now I'm trying to get back, trying to get back, trying to  
get back, trying to get back  
He knows when to deserve you, never â€¦ on my grind  
were untrue  
Now I'm trying to get back, trying to get back, trying to  
get back to you loving  
All that I want it, babe, fear I was dunking  
How long is â€¦ baby I want you, I need you babe  
Back in my life, I'm trying to get back, I'm trying to get  
back

If you love again you should let her know  
But a pimp told me if I love her I should let her go  
So I'm stuck at the crossroads with a lost soul  
And my heart on my sleeper I can't let it show  
Cause even know, the same age, some sounds we  
don't be on the same page  
We on the same team but we all use the same place  
And play the same game but we ain't on the same  
stage  
So I had to be on my own and ever since a nigger got  
grown  
I realized everything you did right  
Shows me how much I've been wrong  
But you know that patience is a virtue  
I can't be waiting but I never meant to hurt you  
And even if I met a girl on her best day  
I guarantee she ain't fucking with the worst you

Mind on the grind, eyes on the prize  
â€¦ see, love pass me by  
Now I'm trying to get back, trying to get back, trying to  
get back, trying to get back  
He knows when to deserve you, never â€¦ on my grind  
were untrue  
Now I'm trying to get back, trying to get back, trying to  
get back to you loving  
All that I want it, babe, fear I was dunking  
How long is â€¦ baby I want you, I need you babe  
Back in my life, I'm trying to get back, I'm trying to get  
back.
