Shadows repent, while your sleeping,
the demon caresses your soul.
Dream not a place where you meet face to face,
with all of the fears that you know.
You walk in a daze, you can't see through the haze,
It's time that you started to run.
Back through the ages and turn back the pages,
before God created the sun.

Chorus:

Do you know his name?
He is the father of Death to us all.
Do you know who to blame?
Legions who slaughter and laugh as we fall.

Arms out reaching, banshee screeching,
the wind howls out your name.
You run till your heaving, it's hard to be breathing
in the smoke from Hell's flame.
Darkness is calling you, down your falling.
Your hoping that soon it will end.
This nightmare is breaking, the screams you are
making,
Truth comes to my mother's hand.

Chorus

Whoah, he's gonna take you down.
Whoah, you're gonna burn in Hell.

Shadows repent, while your sleeping
the demon carsses your soul.
Dream not a place where you meet face to face,
with all of the fears that you know.
You walk in a daze, you can't see through the haze,
It's time that you started to run.
Back through the ages and turn back the pages,
before God created the sun.

Chorus

He may win the battle but not win the war,

we will not give him places to dwell.
Soon Armegeddon will come like the thunder,
the Prince will be banished to Hell.
