Dedicated to the people of Poland

They try to lock you away
From the human race,
Strip you of your dignity

A curtain forged in iron
Everyone must face,
Still you dream of running free

[Chorus]
You're locked in a Red Horizon
Living fearful of the bear

All this time
You thought you had it made,
Freedom was right there in your hand
Now you're feeling
Your're just another slave,
Still your mind can't comprehend

You're locked in a Red Horizon
Living fearful of the bear
Locked in a Red Horizon
Pain and sorrow everywhere

Do you really know the truth

It's right there in your heart
Will you ever get away
The time is now to start

Looking from the Earth
Reaching for the sun
Trying hard to run
Do you feel alone
Thousands by your side
Still you've never known
There's a changing tide
From the Red Horizon

They try to lock you away

From the human race,
Strip you of your dignity

A curtain forged in iron
Everyone must face,
Still you dream of running free

You're locked in a Red Horizon
Living fearful of the bear
Locked in a Red Horizon
Pain and sorrow everywhere

Red Horizon let me go
