Chorus:

I just need to know one thing, one thing  
Lemme hear ya  
Now if you rolling with me  
Tell me please, would you ride for life?  
If I said goodbye tonight? (2x)

I ain't afraid no more, now watch me work wonder  
Finna aim for the sky like a bird hunter  
Black Sox fitted, backwards bill  
Spit flame, run game like track and field  
So fake mine, y'all should get an acting deal  
I'm nothing to toy with, no happy meal  
Bringing back the real, now I'm out with  
A Gang of Starr's world Premiere, getting  
Mass Appeal boy,  
Young, gifted and black  
Long way from Chi City  
But it's still on my back  
Quickly had to adapt to  
Fast living  
Hoes and fast women  
Red toes with black denim  
Shows packed wit' em'  
Groupies are nominated  
For them hotel accommodations  
If it's complicated, they get no conversation  
Passed the bottle, I ain't drink the Henny  
These girls wanna get me drunk  
So they don't feel like hoes for sleeping with me  
Seeing envy from my hometown peers  
If they only knew that love was stronger than fear  
Either way I guess I do it on my own  
Guarantee they miss me when I'm gone

Chorus

I just need to know one thing, one thing  
Lemme hear ya  
Now if you rolling with me  
Tell me please, would you ride for life?  
If I said goodbye tonight? (2x)

Now they say I'm so mysterious  
Flow heavy, leave em' hurting like periods  
I'm that deal, no nonsense  
Ya looking fly girl, come and see the cockpit  
I let ch'all be gangstas, I'll just be a prophet  
Never get it mixed up, haters keep ya lips shut  
You can see my fly, even when the jeans zipped up  
Ya see I'm getting busy, ya whole fan base like who is  
he?  
Ya got cold feet, cuz my mind don't sleep  
Even palm readers look and say my lines so deep  
I'm the center of attention, better find yo seat  
See the light through the clouds, bet it shine on me  
Man, I grind solely, for the passion  
Give me all the cash, and the girls and the fashion  
Give me all the cars, all the jewelry and mansions  
But first I want classics

#### Chorus

I just need to know one thing, one thing  
Lemme hear ya  
Now if you rolling with me  
Tell me please, would you ride for life?  
If I said goodbye tonight? (2x)  
Ya finna see another side of me  
See exactly what's inside of me  
But if I had to say goodbye today  
Just let me know that you'll ride for me (2x)
