Feel it stabbing in the air  
You talk to me of reasons  
Why you don't care  
You're always pushing harder

I can't get no rest  
If I could just remember  
Remember my name

'Cause I'm the thorn in your flesh  
Yes, I'm the thorn in your flesh

Call of the wild keeps you there  
Oh, well, I guess I'm the last of things  
To do on your list  
You keep on counting higher

And if you get any lower  
I guess you'll blast away  
What's left of my brain

'Cause I'm the thorn in your flesh  
Yes, I'm the thorn in your flesh

I never had me no place to roam  
I never had a thing of my own  
Now you fill me up with your fire  
Let me feel desire

'Cause I'm the thorn in your flesh  
Yes, I'm the thorn in your flesh
