When you're down
Love
Love can come and pick you up
Pick you up
Pick you up

When you're down
Love
Love can come and pick you up
Pick you up
Pick you up

And I've found the melody
Yeah
It says that I should help you out
And there ain't nothing that feels better than
Love
When you're down and out
You see now
You see now
You see now

No you know

Marley had a remedy
Also his philosophy
Bring the world together
To live in peace and harmony
Yeah peace and harmony
And John Lennon had the same belief
Said that all we need is peace
Raise your hands together
Let the love set you free

Love

When you're down
Love
Love can come and pick you up
Pick you up
Pick you up

When you're down
Love
Love can come and pick you up
Pick you up
Pick you up

And I've found
A place for us
Love
And it's inside ourselves
And there's a treasure that
We all possess
Love
It's in us to let it out
We're about to let it out

No no you know

The prophets said embrace it
If we're ever gonna make it
Love is something we all have
And must learn how to send it out
We're about to send it out
And since the beginning
It was written
It was never really hidden
We must all learn love and forgive those
When they are down
When they are down
Love

When you're down
Love
Love can come and pick you up
Pick you up
Pick you up

When you're down
Love
Love can come and pick you up
Pick you up
Pick you up

When you're down
Love
Love can come and pick you up
Pick you up
Pick you up

When you're down

Love
Love can come and pick you up
Pick you up
Pick you up

What's inside that feeling, oh
What's inside that feeling
It is love, it is love
That picks me up
Picks me up
Picks me up

What's inside that feeling, oh
What's inside that feeling
It is love, it is love
That picks me up
Picks me up
It picks me up

When you're down
Love
Love can come and pick you up
Pick you up
Pick you up

When you're down
Love
Love can come and pick you up
Pick you up
Pick you up
