We are weak and we know that  
Everything's gonna be, gonna be alright  
We started with the ending  
All tomorrow's are never coming second

Talking to this girl that I know  
(That I know)  
I don't want to see, I want to show  
(Want to show)

You got everything that I want  
Yeah, you do, you got everything that I want  
You got everything that I want  
Yeah, you do, you got everything that I want

We load our conversation  
Now it's got beginning, middle, and ending  
I look great on paper  
But I won't bring damage, I need a mutation

I am always fighting this blank mind  
(Blank mind)  
Already used my one memorable line  
(One memorable line)

You got everything that I want  
Yeah, you do, you got everything that I want  
You got everything that I want  
Yeah, you do, you got everything that I want  
And you go through, go through  
You got everything that I want  
Yeah, you do, you got everything that I want  
You got everything that I want  
Yeah, you do, you got everything that I want

Making up as I go along  
Wondering for how long  
Holding every little thing I want

Every, every little thing I...  
Every, every little thing

Talking to this girl that I know  
(That I know)  
I don't want to see, don't want to show  
(Don't wanna show)

You got everything that I want  
Yeah, you do, you got everything that I want  
You got everything that I want  
Yeah, you do, you got everything that I want
