All the lies that, that you made up  
She's a makeup, makeup artist  
In a trade flick that's R rated  
It is real life, life in candlelight

All the lies that, that you made up  
She's a makeup, makeup artist  
From the girls room down the hallway  
All them eye lines, so predictable

The city is hard on us all, but more on her  
mood and ...  
She was a sheep among wolves, now it is reversed  
She has to handle it somehow, she doesn't know how

She was a sheep among wolves, now it is reversed  
She has to handle it somehow, she doesn't know how

All the lies that, that you made up  
She's a makeup, makeup artist  
In a trade flick that's R rated  
It is real life, life in candlelight

All the lies that, that you made up  
She's a makeup, makeup artist  
From the girls room down the hallway  
All them eye lines, so predictable

All the lies that, that you made up  
She's a makeup, makeup artist  
In a trade flick that's R rated  
It is real life, life in candlelight

All the lies that, that you made up  
She's a makeup, makeup artist  
From the girls room down the hallway  
All them eye lines, so predictable

And the places where we stumbled  
It's no longer choreography  
It's so perfect, much be fiction

So witty it must be writ
