Where did you find that sparkle?
In an endless progress of acknowledgment, we're
found
In our present process of rising success, we'll shine
Where did you find that sparkle?
With a start among youth, comes exposing the
stupidity
Where did you find that sparkle?
(Where did you find that sparkle?)
Through the emptiness of celebrity life, we'll shine
Where did you find that sparkle?
(Where did you find that sparkle?)
We'll shine

I want some of that sparkle
(Where did you find that sparkle?)
We'll shine
I want some of that sparkle

Will I get very far with my voice and guitar
Being a well drunken boy from the back of a car
Wasting all of my life on a hope that you'll find
something
valuable, something one of a kind
Making friends on the way to seduce and dismay
When I get to the top, it's a desolate place
And the line that I walk, it is paved with emery
But I'm feeling content with the money I make
Cause the dollars and cents never cease to amaze
They will shine

We'll shine
We'll shine
We'll shine
Where did you find that sparkle?
We'll shine
Where did you find that sparkle?

Say you have nothing
Say you have nothing at all
Say you have nothing

Say you have nothing at all
(We'll shine)
Say you have nothing
Say you have nothing at all
(We'll shine)
Say you have nothing
Say you have nothing and nothing at all
At all
