There's is a lesson to every heartbreak,
but there's no reason to learn the hard way.
See I was foolish to let you do it,
but there's no way I'll let you stay

I'll never gonna take you back, I promise
nobody needs a love like that, so I promise
I'll never started for you and I live a lie
No it won't go down like that,
No more I promise

I can't get my love you took advantage,
you call me selfish, but who took who for granted
boy for a second i thought you were different,
seems your the same you never change.
And boy I hate it.

I'll never gonna take you back, I promise
nobody needs a love like that, so I promise
I'll never started for you and I live a lie
No it won't go down like that,
No more I promise

I'll never ever gone thru this 6x (I promise)

Girl out of all the time you had to get it right with me
how many lame excusses do you need
Saying I am sorry, doesn't mean a thing
'cause i heard it all before

(I'll won't do this no more)

yea I make this promise to myself
I won't play the fool for you or no one else
and I'll do it for myself ain't nobody else (else)

I'll never gonna take you back, I promise
nobody needs a love like that, so I promise
I'll never started for you and I live a lie
No it won't go down like that,
No more I promise

I'll never ever gone thru this 6x (I promise)
(I am counting on it)
