They say the good man has gone bad
And nothing's god comes to those who wait
But they own our world and I'm not part of it
Are those devils gonna have their way

Would you come and take me down"
Down Down Down
Down like this
So now I'm sober and quiet like a thief

And in solemn moments such as this I've...
"En ma enÄ´Ä´ aja virvatulta"

They say I got wasted, But my hands are clean
I got long hair and empty pockets, No money at all
But this wastrel's got a free spirit and he'll walk with
you
My eyes may have suffered but they're still full of
X.X.X.X

It lives in my heart and always will
It lives in my heart and always, always will
