Let it be
set it free
or could it be
every time a scream
what lays clean
stays in being
see what I mean
is what I see
and what I see
is indeed
for the deed is to be

Hey!
Will you do it?

Fabulous and ridiculous
spells and mist
conspicuous
but what indeed is real to us
living on
staying strong
someday you're gone
moved on
and the spiral has been done

let it be
set it free
could it be
you are free
