I have been tempted
Many times I have tried
To change I've got but I'll walk down that line with you
I could wait till temptation arrives
Would I stop dead in my tracks
Could I walk down that line with you
She could make her impression on somebody else
The truth always comes out everytime she tells it that's
true
So you'd better not be an emotional man
You'd better be somebody that understands her like I
do
Or she'll get the best of you
She's no angel
But she's everything I need
She's no angel
But she's all that I've got
And she'll stand by me
Now whenever I feel empty and there's no one inside
Knockin' on my soul well I know that you've tried to get
through
Doesn't matter where you are
I know that your tryin' to get in
And you may be far away
But I know where I stand with you
And with all this temptation we've learned how to live
In spite of ourselves we have learned how to give what
we do
And we do
So I'd better not be an emotional man
I'd better be somebody that understands her like I do
And I do ya
She's no angel
But she's everything I need
She's no angel
But she's all that I've got
And she'll stand by me
She's no angel She's everything I need
She's no angel She's everything I got
She's no angel And she's everything I want
She's no angel Yes She's everything I need ya

She's no angel She's everything I want
She's no angel And she'll stand by me
She's no angel She'll stand by me yea yea yea
