"Celebrate"

Every time I'm feelin' down
And my heart is overwhelmed
I choose to worship
Make a joyful sound
When I think about the things You've done
In my heart is a thankful song
You've never failed me
You won't fail me now

O Lord I'm gonna celebrate
Jesus I'm gonna celebrate
O Lord I'm gonna celebrate yeah
Jesus I'm gonna celebrate
Gonna celebrate Your goodness
Gonna revel in Your love
With my heart full of thanksgiving
Gonna dance and sing and shout
Yeah gonna celebrate

I've decided I will run
In the path You have for me
I trust in You Lord
You have set my heart free
I love You with all my heart
I worship dance and sing
I'll follow You Lord
You're my everything
