Holy mystery  
How the love of God shines through  
Drawing me closer to the Lord  
Every day that I know you  
Jesus loves His bride so tenderly  
That is how you love me

It's amazing to me  
How God in His sovereignty  
Made us for each other  
It's a holy mystery  
Now we're one together  
And it makes me want to sing  
For the joy we have  
And our peace passes understanding

So pure and so true  
Is the love that I found in you  
A love that joins us perfectly  
In unity  
Seeking Christ together  
And laying down our lives  
For the One who loves us  
So much that He gave His life
