"Hope In God"

Dreams like tiny flowers
Crushed beneath the weight of this life
Darkness whispers
You'll never hope again
But rising up inside my soul
Words that I know I've heard before
Yes there is Someone that I can believe in

Those who hope in God
Will not be disappointed
So I'm placing my hope in You
I will trust in You
I will not be afraid
Those who hope in God
Will not be disappointed
So I'm placing my hope in You
I will trust in You
I will not be afraid
So I put my hope in God

Destiny is calling me
You say to ask and I will receive
Lord make me all You've created me to be
Facing my future unafraid
Holding Your hand I'll find my way
For those who hope in You
Will not be put to shame
