I want to believe like a little child
I will enter the Kingdom that way
I want to rest in Your love like the baby
You held in Your arms and blessed

Blessed are the meek
Blessed are the poor in spirit

Blessed are the pure in heart
I want to humble myself like a child
So that I can see the Kingdom of God

I want to walk hand in hand with You Jesus
In joyful simplicity
I want to laugh and play in Your love
With a heart that is pure and free
