Like di whole world ah cry
Trouble can't ease me get no piece a mind
Can't please everybody at di same time
Me try fi breath but me only ever sigh
Like di whole world ah cry

Ten million lives
One lost in time
I'm barely breathing
They pass me by
Won't catch my eye
For ten million reasons

And I, never wanna let you down
So I go unnoticed
Are you going to leave me here?

Ten million different ways
To see a man erased, erased
[x2]

Me try fi breath but me only ever sigh
Like di whole world ah cry

Trouble can't ease me get no piece a mind
Can't please everybody at di same time
Me try fi breath but me only ever sigh
Like di whole world ah cry
[x2]

One giant ride
Me trapped inside
While everyone's moving
Changing headlines,
The passing of time
To me it's all the same thing

And I, I never seem to get close
Though I'm making progress
I can't believe you left me here

Ten million different ways
To see a man erased, erased
Me try fi breath but me only ever sigh
Like di whole world ah cry
[x2]

You, you took something from me
And now I'm just an outcast alone on the streets
I'm where I can't be seen
Here as an outcast with no place to be

Ten million different ways
To see a man erased, erased
Me try fi breath but me only ever sigh
Like di whole world ah cry
[x4]
