Weâ€™ve had some good times together
All we do now is argue and fight
Letâ€™s find a way to end this right

When we try to talk to each other
Some words we use are unwise
Thereâ€™s no more desire to compromise

CHORUS

You know that itâ€™s not workin
And we both know itâ€™s true
I see our world
. . . as slippin away

We need to look beyond this
Our love will always be
I see our world
. . . as breakin away

There are some things we can build on
There were good moments we had
This makes our reasons more better than bad

Our lives must continue to blossom
This change â€œ we agree is sincere
Itâ€™s time to move on . . .
Iâ€™ll always be near

REPEAT CHORUS
