Hey Ya!

What you doing looking out the window
Tryin to get a grip on where the journey goes
Syncâ€™ n up to see which way the wind will blow
The seasons always change, but you should always
know . . .
. . You seed your mind and take a look - and then
youâ€™ ll see
Got to reach the level that will set you free
Itâ€™ s easy as you think if you want it to be
But itâ€™ s not gone work without a KEY!!!!

Hey Ya!

What you gonna do about tomorrow
Dreamin while your sitting in your daddyâ€™ s home
Reality makes the scene and it is all unknown
Reach out to the world so that youâ€™ re never alone
Must take time to think through what itâ€™ s all about
Need to find a path that makes it all work out
We only live once and have to make it count
But itâ€™ s not gone work without a KEY!!!!

Chorus

EVERYBODY WANTS . . . TO DREAM THE DREAM

EVERYBODY WANTS . . . TO DO THE SCENE

EVERYBODY WANTS TO GROVE - BUT YOU NEED A
KEY!!!
