Verse 1:

Fire Angel take me down this highway  
Cause without faith I cannot dare to dream that far  
Without hope I cannot ride through hell to find you  
Cause I have no way of knowing where you are

There aint' no more room for doubting  
Even when the night grows long

Chorus:

Fire Angel take me down this highway  
Keep me running through the night

Verse 2:

Without love I cant forgive the ones unfaithful  
Without trust I have no will to journey on  
Many times I thought that I was done and dusted  
But some how found the strength to carry on

I ride with fury through this Fire  
With a burning rage deep within my soul

Chorus:

Fire Angel take me down this highway  
Keep me running through the night

I dream the goal is just ahead  
Even when my dream seems dead  
Fire Angel stay right by my side  
Even in the darkest night  
I will not give up this fight  
In the divine love of Fire Angel I rely

Verse 3:

Fire Angel lights the Blood red Sky  
and peaks my weary senses, wide and free  
I do not fear the baleful shadows in this valley  
I'm re-born against the choler of the storm

Chorus:

Fire Angel take me down this highway  
Keep me running through the night
