### Verse 1:

She got style and she got grace;  
She don't need to pretend, she don't need to be swank.  
She got country charm and a beautiful smile;  
She don't need to be mean, she don't need to be vile.  
She got finish and she got form;  
She's the redneck goddess that you want to adorn.  
She's every trucker's love song, she's got that appeal;  
She don't need to be cruel, so Baby What's the deal?

### Refrain:

She knows she can fool me anytime she wants,  
Cause she knows I'm in love with her.  
I'm over the rainbow, But it don't phase me.  
She's a miracle of divine contradictions,  
But it's all pretty clear to me,  
She's just crazy.

### Verse 2:

I got the will, but she gets her way;  
I tell her I'm leaving but she knows I'll stay.  
She takes me for granted and pushes me aside;  
Then she jumps on me and take me for a wild ride.  
She make me blue, she know what to do;  
She takes me to the limit just to watch me unglue.  
She builds me up, just to watch me fall;  
She's got cake worth the candle so I'm at her beck and call  
She thinks I got wind whistling through my ears,  
When she orders champagne and knows my budgets for beer.

Yeah, just send me the bill, cause the rest is gravy.

### Refrain:

She's a miracle of divine contradictions,  
But it's all pretty clear to me,  
She's just crazy.  
She knows she can fool me anytime she wants,  
Cause she knows I'm in love with her  
I'm over the rainbow, But it don't phase me  
She's a miracle of divine contradictions,

But it's all pretty clear to me,  
She's just crazy.

Verse 3:

She's New York trendy then deliberately lame,  
She's impulsively wild then she's suddenly tame.  
She's the best and the worst that I've ever seen,  
But aint' no big dilly it's just part of the routine.  
She calls the shots, she's so laissez faire;  
She's makin' our plans, like castles in the air.  
When she crashes and burns I clean up the debris;  
I'm caught between the devil and the deep blue sea.  
I'm ridin shotgun while we're flyin' off the rails;  
It's like being in heaven but stuck in a jail.

Refrain:

I'm over the rainbow, But it don't phase me.  
She's a miracle of divine contradictions,  
But it's all pretty clear to me;  
She's just crazy.
