Adrenaline Junkie they call me,
Got my start on a 50 CC, Now I'm American Stock,
Bad to the bone, Superman Jimmie From El Cajon
Made Big Time NASCAR NationWide,
Duelin them gassers side by side,
Kept it mashed to the floor,
Comin round the bend, crash near killed me at Watkins
Glen.
Three hands up and around we go,
Racer Chaser Dosey Do, Boogety Boogety Superman
Jimmie from El Cajon

Like a Phoenix risin' I aint givin up,
Set my sights on the Winston Cup,
Met crew Chief Chad, started winning like mad,
Critics groaned it was just a fad
Coca Cola Six (600), Pocono Five (500),
Stayin on pace for the Cup Drive,
Charlotte, Martinsville then Darlington,
But could'nt catch Kurt (Busch) at the Homestead
Three hands up and around we go,
Racer Chaser Dosey Do, Boogety Boogety Superman
Jimmie from El Cajon

Florida is the place, gonna make our case,
Hole shot start at the "Great American Race",
Daytona's tough, but so am I,
Hustled that Chevy and then took the Brickyard 5,
Bumping, bangin, Cussin and sparking,
Goin so fast, felt like Kyle (Busch) was parking,
Thought the Kid would not shut up, finally did when I
won my first cup
Three hands up and around we go,
Racer Chaser Dosey Do, Boogety Boogety Superman
Jimmie from El Cajon

Stakes are higher, now I'm in a dead heat,
With my best buddy Jeff (Gordon) who is among the
EEELite, 4 Time Champ, no need to be coy,
There's a reason they call him the "Wonder Boy",
You see, the "24" led at the start of the chase,
But gotta little loose, started fallin off the pace,

Til I ran away and hid in that Tejas dust,
Beatin my buddy just didn't seem just,

Three hands up and around we go,
Racer Chaser Dosey Do, Boogety Boogety Superman
Jimmie from El Cajon

Spoken - (But Tony "Smoke" Stewart is another thing,)
Slouched and smirkin' behind the wheel,
Self proclaimed king of the automobile,
Won it all in 02 and 05, say what you will, but "Old
Smoke" could drive,
Talladega, restrictor plate,
Car 48 smokin (like a shot) out the gate,
Hustlin' (Hustlin #48 to 188) the car to 188 MPH,
Smoke (Tony Stewart) is three car lengths late,
See a Checker Flag now aint 'that great
120 degrees in the cockpit,
3g turn round a flat paper clip,
A blur of colors as I Blows By,
Won 5 cup Series in a blink of an eye,
Aint never been done by any other guy,
Three hands up and around we go,
Racer Chaser Dosey Do, Boogety Boogety Superman
Jimmie from El Cajon

Dance sequence -

Make the arch and make it high,
