Verse 1

I been thinking 'bout you since the early morning
Baby inside of me something is storming
I been fiening for love almost every night
Baby I'm so sad, cause I want you so bad
You spoil me rotten. You know how we do it
You ain't forgotten. You're always into it
When you're in my grasp there won't be no stopping
Baby I'm ready to give it to you all night

Chorus

Girl I been waiting for you. I could do an allnighter
And you been waiting for me. We should do an
allnighter
So let's just see what it do. I think I'm ready baby
For an allnigher, for an allnighter yeah

Verse 2

Right now I think I just might lose my mind
If I don't get your body right here in time
I think the doctor might put me away
Without my release, without you I've no peace
I need you near me. Only you can fix it
It's an emergency. I might go ballistic
This kind of wound needs sexual healing
Tell all your friends they ain't gon' see you tonight

CHORUS 1X

Break

Miss operator please tell ya girl that I need her
I'm having one of those moments. I need a feeder
inside
Running some oxygen through my veins cause it's
costing me too much pain
What I really need is a fantasy ride

Verse 3

I been thinking 'bout you since the early morning
Baby inside of me something is storming
I been fiening for love almost every night
And I need you bad, I need you so bad

CHORUS 2X
