I guess I was wrong  
The choices I've made  
I thought I was strong  
But I feel so betrayed  
It's all very well when I'm  
Under your spell

You say this is love  
But I'm keeping the score  
I give you so much  
But you still ask for more  
I'll never learn

'Cause first you tear my heart out  
Then you tell me goodbye  
You're some kind of vampire  
When there's nothing left  
I'm empty inside

Into the back  
Of my mind you go  
I thought I was right  
But apparently no  
Maybe it's over  
But at least I'll grow older

Believe me I know  
I've been here before  
'Cause the harder you love  
Then the harder you fall  
Maybe you're perfect  
But this love isn't worth it

'Cause first you tear my heart out  
Then you tell me goodbye  
You're some kind of vampire  
When there's nothing left  
I'm empty inside

You're my one obsession  
I'll be your possession

You're my true desire  
But you burn like fire

I'm down on my knees  
And I'm begging you please  
Stop hiding I know your identity  
You sink in your teeth  
And you're making me bleed  
Your timing ain't right  
It's broad daylight

Cause first you tear my heart out  
Then you tell me goodbye  
You're some kind of vampire  
When there's nothing left  
I'm empty inside

You're my one obsession  
I'll be your possession  
You're my true desire  
But you burn like fire

You're my one desire  
But you burn like fire
