[Hook x2]

Since I met you for the first time
Since I met you for the first time
I wasn't ready, but now I'm ready
Since I met you for the first time

[v1]

I was a kid, in my early teens
Damn, I never knew how this life would be
Now I'm sorry for making many promises
And all the pain I might have caused when you were
with me
Just give me 5 minutes, and let me explain
Or maybe 10, so I can really prove baby that I've
changed
I'm not sayin' that you should give me another chance
All I'm sayin' is if you do, baby it would never be the
same
Now I'm gettin' stacks, I can buy you an airplane
So we can fly high and our love multiply
I will take you to the world's end (world's end)
And our sweet bright love we will extend
Shit! just think about it, please think about it
And all the sweet things I could do if you allow me
Yeah, think about the sweet things
Baby, I will make you my sweet queen

[Bridge A x2]

I'll let you know...What you didn't know...
But know you'll know...Hey!(heey!)
I'll let you know...What you didn't know...
But know you'll know...Hey!(heey)
Since the first time...(I love you)
Since the first time...(I need you)
Since the first time...Hey! (heey!)

[Outro]
