I'm the best friend he's got
I'd give him the shirt off my back
He knows he can trust me with his life
But each time he leaves me alone
Leaves me alone with his wife

I wish he didn't trust me so much
I think he really trust me too much

How can he be so blind?
We've both got the same good taste
He should know when he's gone
Gone on his business trips
Can't help watchin' his woman 'cause I'm losing my grip

I wish he didn't trust me so much
I think he really trust me too much

Though I swear, all is not my will
But there's a way, there's a way she make me feel
Lord, I'm scared, so scare of what I do
If she starts feeling the same way too

I wish he didn't trust me so much
I think he really trust me too much

It's not that she leads me on
I'm getting better all by myself
But just being with her all, all alone
I can't help but hopin' that he never comes home

I wish he didn't trust me so much
I think he really trust me too much

We got a problem
I think he really trust me too much

Though I swear, all is not my will
But there's a way, there's a way she make me feel
Lord, I'm scared, so scare of what I do
If she starts feeling the same way too

I wish he didn't trust me so much
I think he really trust me too much

I got a problem
You can see, I'm caught up
Caught up in the middle
And I'm tired, tired of playing second fiddle

I wish he didn't trust me so much
I think he really trust me too much
