You got me looking at that heaven in your eyes
I was cahsing your direction, I was tellin' you no lies
And I was loving you when the words you said
Baby, I lose my head

And in a world of people there's only you and I
There ain't nothing come between us in the end
How can I hold you when you ain't even mine?
Only you can see me through, I leave that up to you

Do it light, taking me through the night
Shadow dancing baby, you do it right
Give me more, drag me across the floor

All that I need is just one moment in your arms
I was chasing your affection, I was doing you no harm
And I was loving you, make it shine, make it rain
Baby, I know my way

I need that sweet sensation of living in your love
I can't breathe when you're away, it pulls me down
You are the question and the answer am I
Only you can see through, I leave that up to you

Do it light, taking me through the night
Shadow dancing baby, you do it right
Give me more, drag me across the floor
Shadow dancing, all this and nothin more

And in this world of people there's only you and I
There ain't nothing come between us in the end
How can I hold you when ain't even mine?
Only you can see me through, I leave that up to you

Do it light, taking me through the night
Shadow dancing baby, you do it right
Give me more, drag me across the floor
Shadow dancing, all this and nothin more

Do it light, taking me through the night
Shadow dancing baby, you do it right
Give me more, drag me across the floor

Shadow dancing, all this and nothin more

Do it light, taking me through the night
Shadow dancing baby, you do it right
Give me more, drag me across the floor
Shadow dancing, all this and nothin more

Do it light, taking me through the night
Shadow dancing baby, you do it right
Give me more, drag me across the floor
Shadow dancing, all this and nothin more

Do it light, taking me through the night
Shadow dancing baby, you do it right
Give me more, drag me across the floor
Shadow dancing, all this and nothin more
