"Resolution"

Iâ€™m giving up
It's All eyes on me
Call it out like a family
Stood up back time get it right
Until the rubber leaves the road
You said donâ€™t I so I made the truth
Seem like a lie to even you
Control your fears slip
That you do not know where you go to

So donâ€™t you worry
You will be my resolution
Characters of no illusion
You will be my resolution

One month down and itâ€™s inside
Oh Iâ€™m guaranteed to lose my mind
Itâ€™s dangerous to speak in sign
You might now what Iâ€™m trying to hide
So from the cradle to quarter age
Oh I bought the book but didnâ€™t flip the page
Oh ready this is near, we steer
As far away from the coming of days

So donâ€™t you worry
You will be my resolution
Characters of no illusion
You will be my resolution
Characters of no illusion
You will be my resolution

Turn around, put it down and see
That this is really the place to be
Iâ€™m not you, nor you me
But weâ€™re both moving steady
