Baby take my hand
Come away with me
To another place
How I love your smile
That is full of grace
You give me so much love
Close your eyes
And you will feel
My heart is yours

Heartaches gone away
Now we live the days
We dance in the rain
All you have to do
Is let your feelings go
'Cause I'll be here for you
We're like eagles in the sky
Forever free

Fly away with me
Give your heart and see
The love I have inside
Please don't let me wait so long
Run into my arms
Wake up to my charm
I'll do everything to bring
The rainbow
In your life

I have no special words
To explain how I feel
When you're next to me

Will you ever see
All this love in me
It's waiting here for you
Please don't hide
And you will see
Where you belong

Fly away with me

Give your heart and see
The love I have inside
Please don't let me wait so long
Run into my arms
Wake up to my charm
I'll do everything to bring
The rainbow
In your life
