Woke up that morn'
Still on my own
Thinking about you
Is this the way
The story goes
With no happy ending
How could I forget you
My shining light

I played my cards
To find a way
To show how much I need you
Give me a sign
Relight the fire
So we can make it trough
Oh please forgive me
'Cause I won't let you go Oh no

I'd move all the mountains
I would conquer the world
Just to show how I love you
And I'd wait for a lifetime
'Cause I will never love again
The way I love you

So here I am
Behind your door
Longing to see you
You stole my heart
And tossed the keys
My heart beats like crazy
Oh please believe me
I won't let you go
Oh no

I'd move all the mountains
I would conquer the world
Just to show how I love you
And I'd wait for a lifetime
'Cause I will never love again
The way I love you

Day by day I will wait for you
Stop the world every night for you
Please tell me
That you'll be always in my life
And we'll be together

I'd move all the mountains
I would conquer the world
Just to show how I love you
And I'd wait for a lifetime
'Cause I will never love again
The way I love you
I won't let you go
