Turn it up
Ooo

Verse 1:

It's Friday night
and I had a long week
My boy hit me up
Said there's a party let's reach
So we went out to the club
Rolling VIP
All the ladies looked fly
Especially this one shorty

Pre-Chorus:

Perfect smile the shape of an eight
She took my breath away
Long hair mini dress on tight
She could probably get any guy
I'm glad that I made the scene
She looks like she's from a magazine
Her dancing evoked an appetite
Intimidated so I only said bye

Chorus:

I shoulda got her number
Why didn't I get her number
I shoulda got her number
I really really want her
I shoulda got her number
Why didn't I get her number
I shoulda got her number
I shoulda got her number

Verse 2:

See my swags on point
and I know I have game
Still she made me shy
So timid I became
Tossing and turning
She keeps me up at night
I wish that I could turn back
The hands of time

Pre-Chorus:

Perfect smile the shape of an eight
She took my breath away
Long hair mini dress on tight
She could probably get any guy
I'm glad that I made the scene
She looks like she's from a magazine
Her dancing evoked an appetite
Intimidated so I only said bye

Chorus:

I shoulda got her number
Why didn't I get her number
I shoulda got her number
I really really want her
I shoulda got her number
Why didn't I get her number
I shoulda got her number
I shoulda got her number

Breakdown:

People call me Matthew
But you can call me tonight
There's something wrong with my phone
You ain't in my speed dial
Excuse me do you have a map
Cause I'm lost in your eyes
You look just like my next girlfriend
Haven't see you in a while

Chorus:

I shoulda got her number
Why didn't I get her number
I shoulda got her number
I really really want her
I shoulda got her number
Why didn't I get her number
I shoulda got her number
I shoulda got her number
