I Won't Lose It All when the colors fade to grey
Fade to grey
Fade to grey
Fade to grey
I won't lose it all when the colors fade to grey

Colors fade to grey
Colors fade to grey

Tonight
I gotta get out
Of this tiny town
I try to scream out
But no one hears a sound
I let it all out, you can hear me say
I won't lose it all when the colors fade to grey
Hey (co-colors fade to grey)
Hey (co-colors fade to grey)
Fade to grey
(Hey)
(fade to grey)
I won't lose it all when the colors fade to grey
Hey (f-fade to grey)

I won't lose it all when the colors fade to grey

(Tonight, I've gotta get out of this tiny town,
I try to scream out, but no one hears a sound
I let it all out, you can hear me say
I won't lose it all when the colors fade to grey)
(Grey)
