Save me, Iâ'm falling through the sky, yeah
Into the water, Iâ'm drowning in your eyes
So cool on the surface,
The stars all aligned so perfect
Leading me here to you
So take me, let's get caught up in the night
Right, why don't you tell me where to land
Yeah, yeah, baby
Iâ'm falling right into your hands
Yeah, yeah baby
Tell me, that feeling, tell me, emotion, is deeper, the
ocean

Closer, Iâ'm moving to your cloud, yeah, yeah
Girl I can't wait for you to catch me
The best part is falling down
So cool on the surface,
The stars all aligned so perfect
Leading me here to you
So take me, let's get caught up in the night
Right, why don't you tell me where to land
Yeah, yeah, baby
Iâ'm falling right into your hands
Yeah, yeah baby
Tell me, that feeling, tell me, emotion, is deeper, the
ocean

Yo, out of this atmosphere, out of this world premiere
Out of control, swerving, catch me or Iâ'm outta here
Helicopter spinning got me falling from the top
On your windowed roof, x marking the spot
You're the living proof, lookin proper on my arm
Matching diamonds, perfect timing, you're my
favorite looking strong
Oh you so precious like a baby first born
Nowadays these kids are crazy like the children of the
call
But I won't do you no harm
I put it like this, lay you up against the wall
Pulls, apple, miss, that's the picture that I paint for
Give you something to stay for,

Like alligators I twist you, dark vader fade to black
No more issues

Why don't you tell me where to land
Where to land baby
Yeah, yeah, baby
I'm falling right into your hands
Yeah, yeah baby
Tell me, that feeling, tell me, emotion, is deeper, the
ocean
