I must be free (ooh, oh oh oh)  
I must be free (ooh, oh oh oh)

How can we be free  
When it's so hard to create who we want to be

How can we be free  
When we are chained to someone else's prosperity

What does it mean for you to be free?

I must be free (ooh, oh oh oh)  
I must be free (ooh, oh oh oh)

Cannot carry out our responsibility  
To create our true identity

Under the heel of this economic slavery  
Only some of us can really see

How long will it take for you to be free?

I must be free (ooh, oh oh oh)  
I must be free (ooh, oh oh oh)

I want real freedom  
We can see through your misconception of it  
Must be free, must be free, must be free  
Come on, you just kill our dreams  
We carry the soul of alternative global thinking  
And no longer will live under the heel of your economic  
slavery
