"Inner-peace"

There's a place that I've hidden from all who come
around..

A place still untouched, It's locked, sealed and bound..

Away from the callous once, this jewel in a sacred
place..

The time for it's exposure has yet a determined date..

I've have traveled around the world, alone is my
company...

I've seen the best and worst at a dozen countries...

The people I meet vibrate at certain frequency..

In tuned to the world in a foreign melody..

Inner-peace is not just an attitude or perceptions..

You can't obtain it through wealth or good
intentions..(2x)

If it never comes, it's the cross that you must bare...

No mortal being can rid you of the links and despair..

Only he who always was can quench the thirst you long
for..

The earth can't produce a drop of that which we long
for..

We all participate in the movie of life we don't realize..

Our role in the film but the closing moment before we
die..

Then we are all transformed by forces yet
understood...

The light engulfs we all become one
brotherhood...(Inner-Peace...)
