Call it intuition but I think you're on a mission  
Pretty sure you're trying to get close to me  
Call it indecision but I like asking the question.  
we don't need to know what the answers mean

I'm not saying never and I'm not saying forever -  
all I'm saying is we'll see  
I kinda like the climb so let's not rush to define  
let's let it happen naturally

Let's just say hypothetically  
I'm the one for you and you for me  
Let's just say theoretically  
I want you to stay and you don't want to leave

I'm a little skeptical but you, you're so adorable  
I find myself starting to believe  
If and when the time is right and things go a certain  
way  
I might want you here right next to me

Let's just say hypothetically  
I'm the one for you and you for me  
Let's just say theoretically  
I want you to stay and you don't want to leave

I don't know if it's possible but you make me want to try  
I'm a getting a little less cynical and you're the reason  
why

Let's just say hypothetically  
I'm the one for you and you for me  
Let's just say theoretically  
I want you to stay

Let's let ourselves believe  
(we don't need to know what the answers mean)  
Let's let ourselves believe  
(we don't need to know what the answers mean)  
Let's let ourselves believe  
(we don't need to know what the answers mean)  
Let's let ourselves believe

(we don't need to know what the answers mean)
