I'm gonna build a time machine and in it I'll put you and me

Pack all our hopes and dreams and we'll blast off into the galaxy

I wanna go back to the time when you saw the best in me

when you didn't know my weaknesses
so you couldn't hold them against me

You'd say, stay another day with me
stay another day with me, stay
and we'd be ourselves again cuz we
we wouldn't know who else to be

If we go back to where we started
before this whole mess and the broken parts
there'd be no need for apologies
cuz it's all been erased from our memories

I'll paint it pink and sparkly and you'll just laugh and make fun of me
You'll say excuse me, miss, do you have a license to drive this
and I'll say shut up, you're such a geek
then you'd spin me around like I was the prettiest girl
you'd ever found

So stay another day with me
stay another day with me, stay
and we'll be ourselves again cuz we
we wouldn't know who else to be

If we go back to where we started
before this whole mess and the broken parts
there'd be no need for apologies
cuz it's all been erased from our memories

Stay another day with me, stay
Stay another day with me, stay
Stay another day with me, stay
Stay another day with me, stay

If we go back to where we started
before this whole mess and the broken parts
there'd be no need for apologies
cuz it's all been erased from our memories
