I'm a birthday and you're my candles
I'm a scooter and you're my handles
When I'm an argument, you're my angles
I'm your star, and you're my spangles

I'm a sugar cone and you're my scoops
If I'm a rollercoaster, you're my loops
I'm a hula and you're my hoops
I'm your big mistake and you're my oops

All our pieces fit together,
now I see you make me better

Cause in this window we're looking through
You see me and I see you
Suddenly it all seems so new
I'm your window and you're my view
you're my view, oh oh
you're my view, oh oh
you're my view

I'm a song and you're my chorus
I'm a wedding and you're my florist
I'm a week and you're my hours
I'm a superhero and you're my powers

All our pieces fit together,
now I see you make me better

Cause in this window we're looking through
You see me and I see you
Suddenly it all seems so new
I'm your window and you're my view
you're my view, oh oh
you're my view
you're my view, oh oh
you're my view

All our pieces fit together, now I see you make me
better
Now I see you make me better

Cause in this window weâ€™re looking through
You see me and I see you
Suddenly it all seems so new
I'm your window
Cause in this window weâ€™re looking through
You see me and I see you
Suddenly it all seems so new
Iâ€™m in your window and youâ€™re my view
you're my view, oh oh
you're my view
you're my view, oh oh
you're my view
you're my view, oh oh
you're my view
you're my view, oh oh
you're my view
