Culture souvenir shop
Lying on the chopping block
World wide space wide
In a small house wife

Motor bike, horse ride
In the general market
Imagination gun is playing on the TV

It's falling away
It's falling away
It's falling away
It's falling away

Sunrise darkness in an empty lunch box
The world is so big, the world is so small
There's a cold man, can you give him a blanket?
Can you give him something? Can you give him some?

War isn't everything but complex economics
It's just a day of numb, it's just a day away
Underline gender in the new pop culture
I'm just a boy living in a girl's world

It's falling away
It's falling away
It's falling away
It's falling away
Falling away

It's alright, it's alright, it's so long
To pretenders in the new scene
To the falling of your head
Well, it's alright, it's alright, it's so long
Falling so far

It's falling away
Falling away
Falling away
Falling away

Falling away

Falling away
It's falling away
It's falling away

Falling away
Falling away
It's falling away
It's falling away
