Through this world will you guide me
Through this pain
Will you always hold my hand when I need you
When I don't know what I'm doing with myself
I'm a lost soul
Walking through this world
Like I have some idea
When I don't, I don't

And I take on the baggage
'Cause I think that I can
And I wait for the right time
To go with my plan
And come to you
And tell you how I feel

And when the morning comes
I will feel that I am brave again
And when you pass me by
I will smile and then I'll walk away

I don't know what I'm doing

I don't know where I'm going
It just seems like there's something
In the way that you are
That makes me smile like a drunk
Makes me high like a drug
Makes me want to be near you
Like I'm caught in this fog

And I'll wait for tomorrow
'Cause I know that I can
And I'll wait
'Cause tomorrow I will go with my plan
And come to you
And tell you how I feel

And when the morning comes
I will feel that I am brave again
And when you pass me by
I will smile and then I'll walk away

And then I'll think of it, think of it
And then I'll crave for it and feel it all over again
