Rain on the grounds  
Pain has no bounds  
Mist of the night  
Floats from the South

Bridge: Slave of the fire in me  
Feel the desire with me  
I want to dance with the rain drops.

Slowly falling in love  
You gonna rip off my soul  
You know thatâ€¦!

Chorus: Let the rain, let the rain,  
Let the rain calm you down 4 times

Melting my life  
Everything is grey  
When the rain cries

Bridge: Slave of the fire in me  
Feel the desire with me  
I want to dance with the rain drops.

Slowly falling in love  
You gonna rip off my soul  
You know thatâ€¦!

Chorus: Let the rain, let the rain,  
Let the rain calm you down 4 times.
