Verse 1:

High in the sky
The Heavens around lift me higher
Raise me above
Nobody knows that I can fly

Chorus 2 times:

When I am in my levitation
Overcoming gravitation
Keep it quiet or you're fired
Gonna keep my reputation

Bridge:

Feeling love and fascination
Overcoming gravitation
Looking forward to Salvation

Verse 2:

I see the light
It brightens my soul and cleans my mind
Fly me through the sky
Imagination keeps me high

Chorus 2 times:

When I am in my levitation
Overcoming gravitation
Keep it quiet or you fired
Gonna keep my reputation.

Bridge:

Feeling love and fascination
Overcoming gravitation
Looking forward to Salvation
