Wrekonize (Singing)

My lows (Ace Hood: "Yea")

Gettin' high to disguise my lows (Ace Hood: "Mr. Hood")

My lows (Ace Hood: "Aeh")

Gettin' high to disguise my lows (Ace Hood: "I remember dat. Well alright.")

Ace Hood (Rapping)

A moment of silence for this ceremony

And for whomever wishin' bad on me

Bet you wish you was here, a ha homie

And to the women who dis me, kiss da kicks on me

Now I'm doing it big, I tried to warn y'all

While they was hatin' and contemplating my downfall

I was in offices making offers on phone calls

While they would rather see me under like a ground hog

I'm about to blast off, feeling like NASA

I couldn't picture this, how much the frame cost

Remember hard times, momma can't walk

I used to sit in my room to cry the pain off

I'm aiming for the highs, made it through the lows

Left my old team, made it to the pros

Momma look at your son he got this kinda' glow

You just be ready when I come and tell you it's time to go

Wrekonize (Singing)

Gettin' high to disguise my lows

Gettin' high cause it's all that I know

Gettin' high to disguise my lows

Every night fly high in a doze

My highs, my lows

Gettin' high to disguise my lows

BernBiz (Rapping)

Yeah you could say I'm comfortably numb

Pen and paper but the paper's usually for the bud

Forget the moments when I find myself at loss of love

Chasing this money got me dancing to the Devil's drum

Drinking the Devil's rum, set up to lose but one

Except along the way I ended up where I begun  
How imma be the type to up and run  
When everything I am is deep inside the lyrics that I  
forge in blood  
To some I'm simply scum, others a lazy bum  
I'm everything you want but nothing to you all at once  
Some o' y'all faker than a hipster with some gold fronts  
Don't say I blame me or you ain't the only one under  
their thumb  
Roll it up to light it up  
Closing my eyes, soon as I feel high enough  
Feel like I'm safer blowing smoke then givin' a fuck  
That's how it goes when it's time to feel it stop

Wrekonize (Singing)

Gettin' high to disguise my lows  
Gettin' high cause it's all that I know  
Gettin' high to disguise my lows  
Every night fly high in a doze  
My highs, my lows  
Getting high to disguise my lows

Wrekonize (Rapping)

Paratrooper training parachutin' out in Paris  
Clouds underneath my DC's, I'm livin' lavish  
Skywalking like the world don't matter  
Till my chute won't open, now my dome's all shattered  
Ego on that G6, falling down on me quick  
Was eagle on that steep cliff, now Nemo feelin' seasick  
This game a vain thang, so many can't hang  
I seen em' hustle hard and end up hearing bang bang  
This trip gon take a while, kids pack your sodas  
Some nights I'm strapped to go  
And others feeling acrophobic  
Roll it all up and now I'm on my Wiz Kalifa  
You bring the house down and I'll call you Queen Latifa  
Find yourself a heaven and an angel you can hold  
They say the world is ending but we really never know  
I trust the ground below me but it's always moving slow  
So in case you need me now I'mâ€¦

Wrekonize (Singing)

Gettin' high to disguise my lows  
Gettin' high cause it's all that I know  
Gettin' high to disguise my lows  
Every night fly high in a doze  
My highs, my lows  
Gettin' high to disguise my lows
