Chorus:

If you can hear my cry
Don't let our love to die
If you can hear my cry
Don't let us say good-bye
If you can hear my cry
Don't let our love to die
If you can hear my cry
Don't let us say good-bye

Verse 1:

When did we lose
Ourselves? I refuse
To accept that the things we had
are about to end;
How we got like
2 strangers that just fight
When we both know
How much love was a year ago;
It hurts to look
Back into our life book
We let it go
And now we're cold even more

Chorus:

If you can hear my cry
Don't let our love to die
If you can hear my cry
Don't let us say good-bye
If you can hear my cry
Don't let our love to die
If you can hear my cry
Don't let us say good-bye

Verse 2:

Why am I so
Afraid deep down my soul?
I don't want to

Hear u saying we are through!
It kills me inside
I can't stand up this fight
Unless you're here
To make this fear disappear!
We can't pretend
That everything goes perfect
While we fall slow
Day by day more and more

Can we stop it?
Can we fight it?
Can we go back to
where we started?
There've been so many
Many mistakes
Many lies, many regrets!

Chorus:

If you can hear my cry
Don't let our love to die
If you can hear my cry
Don't let us say good-bye
If you can hear my cry
Don't let our love to die
If you can hear my cry
Don't let us say good-bye

If you can hear my cry
Don't let our love to die
If you can hear my cry
Don't let us say good-bye
If you can hear my cry
Don't let our love to die
If you can hear my cry
Don't let us say good-bye (single voice)

If you can hear my cry
Don't let our love to die
If you can hear my cry
Don't let us say good-bye
If you can hear my cry
Don't let our love to die
If you can hear my cry
Don't let us say good-bye
