Chorus (2x):

Surrounded by so much aggressivity
Feels like I'm in a state of insanity
Crazy people, crazy days 'n lies
Everything's so crazy, crazy nights

Verse:

Why don't they see they're worse than animals?
They fight, they bite, they hate and do even worse!
Is this supposed to be the world where we live in?
'Cause it's hell 'n heaven that we switch between...
Sometimes it seems pointless to fight for something
good
But when you're at the end, I know you wish you would.
You better learn that heartless time ain't by your side
So stay strong and tight and try make things go right!
You should be persuading daily on your dream,
Make it your life goal, Insist! But still stay clean.
By clean I mean you have to appreciate you brain,
Your eyes, your lips, your body... don't cause pain
To the ones you know they're so much weaker than you
You better give 'em a shoulder, Help 'em make it
through
The Cold.
The Dirt.
The Hunger.
Misery.
PROVE YOURSELF AND THEM THERE'S ANOTHER
REALITY!!!

Chorus (2x):

Surrounded by so much aggressivity
Feels like I'm in a state of insanity
Crazy people, crazy days 'n lies
Everything's so crazy, crazy nights
