Chorus:

One and two and three and four,
come on let me know if you want some more
You know what I like right now get it right
Boy talk that talk to me all night
Yeah boy I like it yeah boy I like it
Love it when you talk that talk to me yeah
Yeah that talk to me yeah
Love it when you talk that talk to me, yeah

Verse I:

One glance of yours
One touch of yours
That is all that it took
For a closer look
So Mysterious
So Ambitious
Exactly what I was looking for
Youâ€™™ re in my mind all the time
I want you right by my side
You are everything to me
Lover, Friend, Insanity
I love you, I do
Youâ€™™ re my perfect boo
Tricks are no more use with you
Cause Iâ€™™ m crazy about you
And everytime you talk
And everytime you walk
You still impress me
with your way to be
You know how to make me smile
You know how to make me shine
Come on baby follow me
Iâ€™™ ll show you what is Crazy
Hey!

Chorus:

One and two and three and four, come on
let me know if you want some more
You know what I like right now get it right

Boy talk that talk to me all night
Yeah boy I like it yeah boy I like it
Love it when you talk that talk to me yeah
Yeah that talk to me yeah
Love it when you talk that talk to me, yeah

Verse II:

You took me to
What they call "new"
That is why I'll take this ride
And I won't look behind
You want me
I want you
I do admit
That I need you
I can't deny your influence
On me more and never less
Boy don't make me wait for you
Otherwise I'll come for you
You are my all
My real dream
And as you see
I'll always be
Right by your side
Supporting you day & night
Enjoy the joys with you
Helpin' us to go through
The bad
The sad
When things
Go mad
I'll be your girl
You'll be my man
And everytime you talk talk
And everytime you walk walk
You still impress me
with your way to be
You know how to make me smile
You know how to make me shine
Come on baby follow me
I'll show you what is Crazy
(yess)
