Intro:

They told me No
They didn't know
I'll prove them wrong
I'm going strong
They told me no
They didn't know
I'm so much more
Than was before
They didn't know
I'm about to blow

Verse 1:

And everytime they told me Stop it
Well I did NOT
And everytime they hated on me
I did not STOP
I do my stuff
Targeting UP
I do my stuff
Press that thing START
I bend over the lines
With my rhymes
Big Time
Ima teach you the definition of what's worldwide
I do not lie
See how I shine?
Pass me the wine
And let's go wild
U see me glowing, flowing
As I'm spittin as I'm going
U see me growing, throwing
Myself into the unknowing
That's how I talk
Notice my walk
Get my catwalk
Yes, I do rock
Ladish and classy all the way from Up to Down
Sassy and sexy the moment I turn around
U ain't seen one like me

Cause there is just one me
Artistically unique
I am MBeyeline

Chorus:

Fire and fire and fire
I'm aiming higher
I go
Fire and Fire and Fire
I'm aiming higher
I go
Fire and fire and fire
I'm aiming higher
As I'm building my empire
Watch MB becoming your desire

Fire and fire and fire
I'm aiming higher
I go
Fire and Fire and Fire
I'm aiming higher
I go
Fire and fire and fire
I'm aiming higher
As I'm building my empire
Watch MB becoming your desire

Verse 2:

I got the fire pride
That keeps me all alive
And I got the fire eyes
That make me win all the times
And as I'm playin
They paying
Portrayin
My stayin
In the game wait to see the way that I'll have it
raining
Writing a new page
Forgetting the rage
Forgetting the past
Embracing the blast
You gon ask for more
Welcome to my show
Watch how I score
I'm in Total Control
The player and the game
For me always was the same
I play the beats like toys
Same thing that I do with boys
I'm so much more than they thought

They used to know
Oh u surprised?
Oh yeah thatâ€™s some mind blow
And everytime they told me Stop it
Well I did NOT
And everytime they hated on me
I did not STOP
I do my stuff
Targeting UP
I do my stuff
Press that thing START

Chorus:
Fire and fire and fire
Iâ€™m aiming higher
I go
Fire and Fire and Fire
Iâ€™m aiming higher
I go
Fire and fire and fire
Iâ€™m aiming higher
As Iâ€™m building my empire
Watch MB becoming your desire

Fire and fire and fire
Iâ€™m aiming higher
I go
Fire and Fire and Fire
Iâ€™m aiming higher
I go
Fire and fire and fire
Iâ€™m aiming higher
As Iâ€™m building my empire
Watch MB becoming your desire

Monologue:
When you start pursuing your dreams
All you got, is haters it seems
But the more you work your way to the top
Fans and money is what you got
You gotta be your own best friend
From day ONE until the END
Trust NONE but your OWN gut
And keep on going, though you might hear STOP.
